## 8. Fair Presentation of the Risk

**You** must make a fair presentation of the risk when **You** first take out this policy and also whenever **You** renew it or ask **Us** to change **Your** cover.

If **You** fail to make a fair presentation of the risk including failing to disclose or misrepresenting a material fact, or disclosing material facts to **Us** in a way which is not clear and accessible **We** may avoid this policy and refuse all claims where:

- (a) such failure was deliberate or reckless; or
- (b) **We** would not have entered into this policy on any terms had **You** made a fair presentation of the risk.

Should **We** avoid this policy **We**:

- (a) shall treat the policy as if it had not existed from the start date, the renewal date, or the date when **You** asked **Us** to change **Your** cover, depending on when the failure to make a fair presentation of the risk occurred
- (b) shall return the premium paid for the period for which the policy is treated as not having existed unless the failure to make a fair presentation of the risk was deliberate or reckless
- (c) may deduct from any return of premium due to **You** any monies already paid in respect of claims falling within the period for which the policy is treated as not having existed or require **You** to repay such claims.

Provided that any failure to make a fair presentation of the risk is not deliberate or reckless, if **We** would have entered into or renewed this policy, or agreed to make changes to **Your** cover on different terms had **You** made a fair presentation of the risk, **We** may:

- (a) proportionately reduce the amount payable in respect of a claim; and/or
- (b) treat the policy as if it contained such different terms (other than relating to the premium) that **We** would have applied to the policy had **You** made a fair presentation of the risk.

Any reduction in claims payments or application of different terms will take effect from the date on which the policy started, was renewed or when changes were made to **Your** cover, depending on when **You** failed to make a fair presentation of the risk.

Where **We** elect to proportionately reduce the amount payable in respect of a claim, **We** will pay a percentage of the claim, the percentage being calculated by comparing the premium which **You** actually paid with the premium which **We** would have charged had **You** made a fair presentation of the risk. For example, if the premium which **You** actually paid is 70% of the premium **We** would have charged, **We** will only pay 70% of any claim.

Where this policy provides benefits to individuals who would, if they had taken out similar insurance in their own name, have done so for purposes wholly or mainly unconnected with their trade, business or profession, **We** will not rely on this condition if the failure to make a fair presentation of the risk concerns only facts or information which relate to that particular individual, unless the individual (or **You** on their behalf) makes a careless misrepresentation, in which case **We** may rely on this condition as against that particular individual as if a separate insurance contract had been issued to them leaving the remainder of the policy unaffected.
